BAY ST. LOUIS, MISSISSIPPI

### "RIVER PIRATE" GREAT THRILLER FILMED BY FOX

Sensational Saturday Evening Post Serial Produced  
With Star Cast

Those who have read "The River Pirate," by Charles Francis Cox, which recently ran in the Saturday Evening Post and which comes to the A. & G. Theatre, Bay St. Louis, on Thursday night, December 20th, will recall, most of all, that it was, primarily, the story of a boy who never had a chance until he met the girl who plucked him from a life of crime and brought him back to decency and to her.

The screen rights to this story were purchased by Fox Film, and the directorial assignment went to William K. Howard, youthful director, who has surpassed his prior efforts, including "White Gold," "The Main Event" and other successes.

The central figures are a pair of boon companions, a hard-boiled sailor and a mere youth, who team together and engage in river piracy working in the dark of the night and even pursued by watchful harbor police.

This provides for just a few more thrills than come to the usual motion picture and stresses the old maxim that there is good in everyone if the right spot be touched. Incidentally, it goes for to prove that reform schools do not always reform.

Victor McLaglen plays the stellar role of the river pirate with his companion enacted by Nick Stuart, and Lois Moran as the girl in the case, while Earle Foxe is in the part of the double crossing "shark."

### Guaranteed Used Cars

You need not be afraid to buy one of our used cars. Every car traded in by us is reconditioned and guaranteed.

We have several open and closed models, also 1-2 ton Truck at bargain prices. You can't go wrong on any of these.

Prices and terms to suit.

Edwards Bros.

### GOD'S COMPENSATION AND COMFORT TO THE AFFLICTED IS NOTED

Bay St. Louis Visitor Writes  
From San Antonio—Tells  
of Trip to Kerrville

Personal letters are always peculiarly interesting. The editor of a newspaper receives lots of mail and the most part of it is interesting due to the fact that much of it is so different, and then there is diversity of subject and thought.

A private letter received in the mass of the week comes from San Antonio, Texas, written by a party who frequently visits Bay St. Louis and formerly resided here for many years.

We take the liberty to quote there from, excerpts as it were:

**Fast Filling With Winter Visitors.**  
"San Antonio is fast filling with winter visitors and tourists. Hotels, apartments are getting capacity patronage, and one sees automobiles hereabouts from different cities of the United States.

"We were out driving on the Plaza when we met a sedan, either gray or drab color, with this legend across the radiator, 'Bay St. Louis.' Imagine our thrill! An unexpected but most pleasant surprise. The occupants were a lady and gentleman. We could not recognize them as both cars were going at a speed that made it difficult. Do you know who they are?"

(Editor's Note: Possibly Mr. and Mrs. Horace W. Avery, who are sojourning in S. A. until after the holidays.)

**Trip Along Mexican Border.**  
"There is so much to enjoy out here. Every Sunday we go for a long outing. Recently we motored out to the Medina Valley and the winter garden for which the Valley is famous. This drive is about sixty miles south of San Antonio. What a beautiful country! Moderate temperature; never freezes; new Mexican border. Citrus groves—orange trees laden with beautiful, large fruit, trees only 2-3 years old and old. It takes 7 years for a tree to bear. California is a tree to measure up to the height of the average person's shoulder. We have a supply of grapefruit daily, at 30 cents per dozen—at your door in S. A."

**Memorable Trip to Kerrville.**  
Last Sunday we attended early Mass, after which we were ready for a long motor trip to Kerrville, seventy-five miles north of San Antonio. Kerrville has an altitude of 2000 feet. We started at 8:30 a. m. and were soon enjoying a wonderful drive through high hills and the farther we progressed the more beautiful the scenery became. The country was so different from the one we had just left. How did it happen? The lady kept the wheel and I sat in the passenger seat. I was suddenly in the next minute the lady

glorious color that one can never forget.

**Government Tubercular Hospital.**  
"Here is the government tubercular hospital. It is a wonderful location. Spacious grounds and roomy and numerous buildings, set in the midst of gorgeous scenery. Further on to the top of the mountain the altitude is 2600 feet. Here is another sanitarium, for people of means and who can pay. Someone said the price was as high as the altitude.

"Well, we drove up all through. In the center is main building for chronic cases, and around this structure are 35 bungalows, built box-like to the fact that much of it is so different, and then there is diversity of subject and thought.

### WORK AND PLAY AT S. J. A.

**Basketball Week at S. J. A.**  
Basketball loomed large in the history of the past week at S. J. A. The ball was started at rolling last Wednesday when the Gold Jays drove to Kiln for a game there. The victory was given to Kiln by a score of 11-8. The Jays did not play true to form that afternoon and the defeat was evidently just what they needed to pep them up for their big game Sunday.

Xmas play to be presented by 3rd and fourth grades—Don't fail to see it—Tuesday, December 18th.

**Red Jays Defeat S. J. A. of Pass Christian.**

The Red Jays had a chance to prove their mettle in their first game of the season which was played against S. J. A. "Plucky Six" at Pass Christian last Saturday. The cold weather did not prevent the Red Jays from fighting hard and downing the "Plucky Six" by a score of 16-8. The afternoon proved most pleasant to all who attended the game and the girls enjoyed their ride across the Bay in spite of the severity of the weather.

Come one, come all, to S. J. A. next Tuesday at 7:30 to see "Christmas with the Old Woman Who Lived in a Shoe."

**Blue Jays Play First Game Against St. Rose School of New Orleans.**

In spite of the fact that they were defeated by three points the score being 15-12, we are all proud of our little Blue Jays and the fight which they put up against St. Rose's veteran Grammar grade team last Sunday. We had expected the game to be a walk-away for St. Rose owing to the fact that this was to be the first basketball game in which the majority of the Blue Jays had ever played. But they showed that they could hold their own and gave St. Rose a tight pull before giving them the laurels.

Place: S. J. A. Time: 7:30. What? A Xmas play. Admission, adults, 25c, children 15c.

**Spenders Downed by Gold Jays.**

Everyone agrees that the second game played at the College gym last Sunday was one of the most thrilling in the history of the school. The Gold Jays, who have been enjoying a very favorable reputation in New Orleans, having won the city championship last season. The Gold Jays knew they were up against it and went in determined to fight—and fight they did. Three first goals and a free shot made during the first quarter gave the Gold Jays 7 points to the Spenders 0. But the game was not to be so easily won, the whistle for the second quarter had barely blown when the Spenders ran up their score 6 points from that time on the score remained practically a tie with the Spenders ahead one minute when suddenly in the next minute the Jays

would cage a ball and place themselves in the lead. Intense excitement prevailed when time out was called with a minute more to play, and the score one point in favor of the Spenders. The Gold Jays had not lost that game yet, however, and before the final whistle blew they had run up their score four points giving them the victory over the Spenders by a score of 26-23.

We compliment the Jays for their playing. Centers guards and forwards did splendidly and their team work is what gave them the victory. None the less is the spirit displayed by the high school girls in particular and the school in general worthy of commendation. The pulling and yelling which they did for the team were potent factors for winning the game for old S. J. A.

The winning of last Sunday's game won the girls an extra holiday which was added to the Xmas vacation. The girls are to leave on the 19th instead of the 21st, as originally planned, the other day is to be made up on the Saturday immediately following the holidays.

**"Christmas with the Old Woman Who Lived in a Shoe," to be staged by Third and Fourth Grades.**

A lively and interesting operetta, "Christmas with the Old Woman Who Lived in a Shoe," is to be given here next Tuesday by the little third and fourth grades. A real Santa Claus is to be a special feature of the play, let will also be given. It will be well worth your while to see which baby will win. Delicious home-made candy and pop will be sold during the evening. Admission adults 25c, children 15c.

Don't fail to see the "Baby Show" at S. J. A. Tuesday, December 18.

**Jays Extend Thanks for Gym.**

The Jays are most thankful to Brother Peter for the use of the gym last Sunday and also wish to express their appreciation to the S. S. C. boys who cooperated so willingly during the course of the game. To all those who lent their cars to convey the Jays to both Kiln and Pass Christian last week the Jays also say a hearty "Thank You."

\$3,000,000,000 reserve employment fund presented to governors as Hoover program.

### It Would Be Useless.

The Jackson Daily News, like The Sea Coast Echo, friendly to Governor Bilbo, editorially says:

It is currently reported around the capitol that Governor Bilbo may reconvene the legislature in extraordinary session about the middle of December and insist upon the passage of a modern highway bill.

The Governor's persistence is to be admired, but his judgment is sadly to be deplored.

There is not even a remote prospect that the present lawmaking body will ever get a true vision on the subject of highway legislation.

"You can lead a horse to water, but you can't make him drink."

The Governor can bring back the legislature, and keep the body continually in session until the close of his administration but he will not succeed in enforcing the enactment of a highway bill.

However, it is going to be necessary, prior to 1930, to reconvene the legislature to deal with a treasury deficit.

The hodge-podge program of financial legislation that has emerged from the legislative mill during the past sixty days is a miserable mess, and is wholly inadequate to meet the appropriations made earlier in the year.

The state must operate on borrowed money for the simple reason that our lawmakers have lacked the courage to face facts and put an ad valorem tax levy at the figure it ought to be—ten or twelve mills.

It has been conclusively shown that the people of Mississippi do not want nuisance taxes, and the Governor is eminently correct in vetoing all bills of this character.

The lawmakers have also shown a singular lack of courage in their failure to place a sufficient tax on the lumber manufacturing plants—the one form of industry that is denuding Mississippi of its greatest natural resource and leaving nothing behind.

Summed up in a sentence, the session now drawing to a close has been a tragedy of errors, and the people of Mississippi will be heartily glad when sine die adjournment is announced.

Governor Bilbo may as well recognize the fact that he has fought a losing fight at every turn; that not one round of the contest has been in his favor; that he has been thwarted and baffled at all stages of the conflict by the House majority, and the most highly cherished plans of his administration completely wrecked.

# ECHOES OF WEEK FROM WATCHMAN ST. STANISLAUS COLLEGE KILLS MAN AT LOGTOWN

The solemn reception of new members into the Sodality of the Blessed Virgin Mary was held in the College chapel last Saturday evening, with Rev. Father Gmelch officiating. We are very glad to see that so many of the new boys have joined the Sodality, and as Father Gmelch expressed it, "I can see no better step that you young men can take." We sincerely hope that all will live up to their pledges and make better boys of themselves.

Brother Regis has started his basketball leagues, and at the end of the season will award letters to the ten best league players.

The College band of 23 pieces played in the parade of the Italian Society of the Blessed Virgin Mary last Saturday morning. The band was part of the celebration of the feast of the Immaculate Conception, by the society.

The Juniors seem to be very happy, but at the same time very quiet. All they will say is wait until the fifteenth of this month.

We regret that Brother Casimir had a sore throat last Tuesday. He was unable to talk for any length of time, and consequently did not teach us on that day.

Brother Peter returned from his business trip to Louisville, Ky., last Saturday night. He says that he had a very successful trip, but reports that he experienced some very cold weather.

The oak tree on the north of the campus was cut down last Thursday to make room for a continuation of a sidewalk along the College side of Union street. The last part of the north wall has also been removed.

Much credit is due Brother Lu's who has charge of decorating the chapel altar. On the Feast of the Immaculate Conception he decorated the altar in its richest cloths and decked it with many lovely chrysanthemums and carnations. Besides this he made a crown of artificial lilies for the Blessed Virgin Mary. Indeed, last Saturday the altar in the chapel was the subject of much praise and commendation in the college. Congratulations and thanks to Brother Lucius.

Sunday afternoon proved to be an exciting one for all those who witnessed the two basketball games between St. Joseph's Academy and two New Orleans teams in the College Gymnasium.

The first game of the double bill came off between S. J. A. of Bay St. Louis and S. J. A. of New Orleans, while the second game was contested by the local S. J. A.'s second team and the quintet from St. Rose convent of New Orleans. The local girls fought their antagonists bitterly and both games were thrilling from beginning to end. A large crowd attended and the dual event proved quite a success. The second team lost their game but the local S. J. A.'s won their game against the New Orleans S. J. A.

The dear doo keepers, Scaife and Falgout, the darling timekeepers, Massingill and Gendard, the sweet cheer leader, Frank Keyes, and the cute scorekeeper Kilbride wish to thank the Jays for the tasty fudge received as a token of appreciation for the assistance given at the game Sunday. Call on us again, Jays. We are always willing.

The Rock-a-chow football team together with the Bay High Tigers will be entertained at the Weston Hotel Wednesday noon, by the Bay St. Louis Rotary club.

Visitors—Mr. and Mrs. J. H. Cassidy drove over from Bogalusa to see their son Charles. Mrs. J. S. Manly from Bogalusa also visited her daughter Frances at the convent.

Mr. and Mrs. W. L. Wallace came over from Gulfport to see their son Tom.

Mr. Christian Capdeville visited his son Paul last Saturday.

Miss Thelma Reyes, accompanied by Mrs. Burgess and her daughter drove over to see her two brothers Frank and Stanley.

Mrs. E. E. Clark visited her son Edward.

Mr. Andres Jimenez, Cuban Consul at Mobile, came over to see his son Aurelio last Sunday.

A member of our graduating class James Gillespie and his brother John, were visited by their mother last Sunday.

Wilson Genard was visited by his mother and father and his brother. Alfred Purple was visited by his mother, Mrs. A. C. Purple, by Mrs. Maud Dana and Mrs. C. H. Dana.

Little Bat Sullivan was visited by his mother Mrs. B. P. Sullivan, his two sisters, Alma and Agnes and by his two aunts, Misses Miran and Stella Salvant.

Mrs. H. Asher and her son John came over from New Orleans last Sunday to see her little son Henry.

Dr. H. J. Linder accompanied by his mother, Mrs. F. Linder visited his

## Negro Who Breaks In Weston Store Is Shot By Night Watchman Friday A. M.

Bob Simmons, 20-year-old Logtown negro, an employee of the H. Weston Lumber Company, was shot and killed between 3:30 and 4 o'clock, Friday morning of last week, by Gideon Holden, night watchman for the store.

Mr. Holden was tried before Judge Freeman Jones of Logtown Friday morning and acquitted of the charge of murder.

It is understood that some one entered the Weston store some time early last week by breaking out a glass in the roof. The store operators did not repair the broken glass, thinking that by leaving it as found the thief could be caught. A night watchman, Gideon Holden, was stationed in the store and the third night he saw there the negro, Bob Simmons came through the hole in the roof into the store. It was said that Mr. Holden, who was behind the store shot at the negro once but the negro continued to come toward him armed with a knife and he shot six times before killing the negro.

After the negro's death a search was made by officers at the negro's home where shirts and other stolen articles, said to have come from the store, were found underneath his mattress, thus identifying him with the thief who broke the glass in the roof, officers said.

The trial of Mr. Holden held after the shooting exonerated him from the murder charge.

Little son Henry.

Francis Bowers was visited by his mother, Mrs. F. Bowers and by his grandmother Mrs. Hanery.

Edmund Bridges was visited by his aunt and his uncle.

Mrs. Dunbar B. Harding visited her little sons Warwick and Ramsey.

Who's grandfather's coat of arms Charlie Genard is wearing?

Why Wallace shaved Wednesday evening.

Who broke his tooth eating beans?

Why Lyons needs a nurse?

Why Charlie Cassidy was so angry at the game Sunday when a certain cheer leader asked him to root?

Who had Fernandez's goat Sunday?

Why Kramer is eating Frog legs?

Why Reyes was so interested in S. J. A.'s game?

(Continued on page 7)

## COLLEGE PRESIDENT RETURNS FROM TRIP TO SEVERAL CITIES

Plans for Annual Basketball Tour of Rock-a-chaws in March Were Discussed

Brother Peter, president of St. Stanislaus College, returned Saturday night from a week's business trip which included conferences at Louisville, Indianapolis, Milwaukee and Chicago. He is a member of the board of directors of the basketball tournament held annually by various schools and colleges conducted by the Brothers of the Sacred Heart order and at Chicago he attended a meeting of this board.

Plans for the annual basketball trip of the Rock-a-chaws from St. Stanislaus to Chicago were discussed while he was away, and a number of big basketball games with outstanding teams were discussed, Brother Peter reported.

## NOTICE OF SPECIAL ELECTION IN CATAHOULA CONSOLIDATED SCHOOL DISTRICT, IN HANCOCK COUNTY, MISSISSIPPI.

Notice is hereby given to the voters of Catahoola Consolidated School District, Hancock County, Miss., of a special election to be held on

SAUNDERS, JANUARY 7, 1929 at the Consolidated School House, in said district, to determine whether the bonds of said school district should issue in the sum of \$2,000.00 (Two Thousand Dollars), or so much thereof as might be necessary for the purpose of erecting, repairing and equipping the school building in said district as provided for in Sections 182 and 183, Chapter 285 of the Laws of 1924 and amendments thereto. Said election being pursuant to the following order of the Board of Supervisors, of Hancock County, as follows:

"Petition of the Catahoola Consolidated School District asking that the Bonds of said School District, issue for \$2,000.00, or so much thereof as might be necessary for the purpose of erecting, repairing and equipping the school building in said district as provided for in Sections 182 and 183, Chapter 285 of the Laws of 1924 and amendments thereto. Said petition being pursuant to the following order of the Board of Supervisors, of Hancock County, as follows:

"Be it further resolved that an election be held in said School District at the School House thereof on Saturday, January 7th, 1929, to ascertain whether or not said bonds should be issued.

"Be it further ordered that the County Election Commissioners do send a copy of this order so that the election shall be held in the manner provided by law.

This 12th day of December A.D. 1928. GEORGE E. REA, Chairman, R. J. LADNER, County Election Comm. Hancock County, Miss. 1-4-29

Whereas, on the 12th day of November, 1928, the Governor of Mississippi, by his Executive proclamation ordered that a special election be held in each of the counties of the Eighth Chancery Court District of the State of Mississippi, to elect a Chancellor for said District, and said election to be held on the

15th DAY OF DECEMBER, 1928. Now, Therefore, we the undersigned Election Commissioners of Hancock County hereby give public notice of said election on the day and date and for the purposes aforementioned.

Witness our signatures this 15th day of November, 1928. GEO. E. REA, Chairman, R. J. LADNER, Election Commissioners

...and be sure to keep plenty of good oil in the crankcase. We use Pan-Am in our demonstrators.

Your 1929 car especially needs an oil like this

ANY car runs smoother and sweeter with Pan-Am motor oil in the crankcase. And in the newest cars an oil of this type is almost a necessity.

For they depend upon greater engine speeds to deliver their better performance. That means terrific heat and vastly increased wear.

Under such conditions you

need an oil that will keep its body in spite of heat and friction. An oil like Pan-Am!

This motor oil is tougher and sturdier because it is refined with unusual care from pure paraffin-base crudes.

Try Pan-Am in your car new or old. Every dealer has a chart showing the correct grade for each model of all makes of cars.

Pan American Petroleum Corporation

Also distributors of KIP, Insecticide, SEMDAX and other products and SUPERLIN candles

Of all gifts, a new motor car .. of all cars a new Buick .. the fullest measure of Christmas cheer you could possibly give to your family ..

We are authorized to announce the candidacy of

**HON. D. M. RUSSELL****WELCOME SANTA CLAUS.**

Do you remember, in those days "way back when—" how you used to pencil your little notes to Santa Claus, asking him for this, that and the other thing and assuring him that you were a "real good boy" and loved your father and mother?

Santa Claus is fast approaching now. And just as you welcomed him as a kid, you should welcome him now. Remember that Santa Claus is a symbol of generosity, loving kindness and virtue. At this time, with his advent so near, check up on yourself. Have all your actions been worthy? Kind? Intelligent? Have you progressed or fallen behind in your work and in your spiritual growth?

Correct your faults, resolve to live to the highest in you, and when Santa Claus comes you will be able to welcome him properly, knowing that you have lived in such a manner as to merit the benefits that he showers upon you.

In this way you will receive, in addition to the love and respect of your friends and neighbors, a feeling of self respect that, once acquired, will dignify and ennoble your entire life, putting it on a higher plane and bringing it nearer to the Divine.

Welcome Santa Claus!

**YOUNG PEOPLE WORTH KNOWING**

We hasten to call your attention to Thalma Syarstad, of South Dakota, and William Tobias, of Michigan, who were named champions in a National Health Contest, recently conducted at Chicago, in which representatives of forty-four states participated.

It may be of interest to the young boys and girls of Hancock county to know something about these representatives of a super race:

Thelma, 17 years old, is a freshman at college, weighs 122 pounds and is 5 feet 2 inches tall. She enjoys all sports, makes her own clothes, likes the movies and hopes to be a teacher. She eats a light breakfast, a heavy noonday dinner and a light supper, always drinking plenty of milk because she likes it.

William, 15 years old, is a grade pupil and weighs 130 pounds, being 5 feet 6 inches tall. He also likes milk. Boxing is his favorite sport and Jack Dempsey his hero.

We congratulate these young people and hope that many others who live in Hancock county will take interest in their own health and strive to create vigorous bodies for themselves.

Buy Christmas seals. Fight tuberculosis.

Hard work is not all that makes a man rich.

If man never imagined anything he would have little to do.

Congress reassembled without any outward signs of calamity.

This is a good time to read the speeches of the winning candidates.

Correct this sentence: "I do not wish for anything, dear Santa Claus."

Well, you might wind up 1928 by going to church three Sundays in succession.

The stock market is furnishing the country with a first class gambling device.

New jokes are hard to find to print, but, like suckers, one is born every minute.

If you keep talking there will come a time when you won't know what you are talking about.

The average citizen often wonders what some prize books have in them that gave them the prize.

Business rivals do not necessarily have to be personal enemies, even if our forefathers thought so.

Credit will tide a man over for a short time, but in the long run he must get cash. Same way with newspaper subscriptions.

The dollar that goes from Bay St. Louis goes and goes and keeps on going, and the more it goes the further away it gets.

It is a funny life. A man who would shoot a robber in his home will vote "not guilty" for a man-killer when he is on a jury.

If you would have a chance to select the newest and novel gifts for Christmas you should shop early, before others pick over the stock.

The sweet young thing may be a good actress when she makes up with her ideal of America's young manhood but it isn't done in the same way.

The average newspaper reader has it on the editor in this way, that while the editor has to write his editorials the reader does not have to read them.

Chain stores give merchants something to think about. Advertising gives our merchant a chance to stress their strongest asset, confident friendship.

When the time comes, as predicted, that airplanes are as numerous as automobiles it will take a wise pedagogue to keep the world from falling on its head.

**LIVING CHRISTMAS TREES**

**L**IVING Christmas Trees! What could be finer and truer to the spirit of Christmas than a living tree? People who live on the Coast where such a variety of trees and shrubs suitable for transplanting grow natively can so easily and finely enjoy a living tree for Christmas.

The tree need not be so very large. A potted tree, such as an American holly, or youpon holly, a wood's cedar, a wild olive, a small arbor vitae and many other trees can be easily potted from the woods, kept in the house or on the porch as a living Christmas tree and after the holiday season has closed can continue to be kept in the home as an attractive plant or can be transplanted to the garden or lawn as a decorative tree.

Or if the potted tree is not suited to the purposes of the family then plant a tree in the lawn where it can be decorated and attract attention to its beauty while living and thriving.

A number of cities and organizations are offering prizes for the prettiest living Christmas tree and thus encouraging the people of the section to grow trees and not destroy as is the method employed quite generally by those who cut their trees for use in the home for a week and then cast them aside.

Let The Echo make an appeal to the people of Bay St. Louis and Hancock county to plant living trees this year for the Christmas season and grow trees rather than destroy trees.

A second suggestion, permit The Echo to make, that when our citizens go to the woods and swamps to secure their holly and youpon holly for decorations that they do not cut the entire tree but rather cut only that portion of limbs which will be used. We are told by tree experts that each year the number of trees which are destroyed at Christmas is gradually destroying the source of supply and in a few short years unless stopped will clear the woods of these popular evergreens, eminently suited for Christmas decorations with their many glistening red berries.

**AN IMPORTANT MAN.**

We follow the journey of the Prince of Wales home with some interest. He is racing to the bedside of the ailing, and perhaps dying, king, fully realizing what important responsibilities will devolve upon him sooner or later.

This young man will some day be the symbol of British Empire and his words and acts, though somewhat curtailed and limited by constitutional customs, will exercise a potent influence upon the world's history. Millions of Englishmen all over the world will look to him.

On every continent there is an area, large or small, which acknowledges him as heir-apparent to the common throne. Only a small tract of land in South America but large dominions in North America, Asia, Africa, and Australia fly the flag of old England and pledge allegiance to the common king of the Empire.

Study the world map. See the small isles northwest of continental Europe which laid the basis and developed this world Empire. Realize that gradually and in different degrees each of these far-flung states has asserted and had recognized its own political authority and equality. The time will come, if the federation holds firm, when the former colonies will control the policies of the Empire.

Ancient Athens was an exponent of Democracy. She fought autocratic Persia to protect the West. In power, however, she sought to make will dominant over her half of the world, illustrating the tyranny of a democracy in imperialism, but Athens was blocked, defeated, and humbled by enemies eventually. Britain has endeavored to make a permanent empire linked together by common interest and tradition, granting self-government freely, and without relying too openly upon her own power.

strange events transpire within his Empire. On the strange event transpire within his Empire. On the other hand if the traditional British common sense persists, the Prince of Wales may see the flower of his new colonial attitude fruit in an empire more secure and powerful than ever in the world's history.

**CHRISTMAS SAVINGS AND MEANING.**

Bay St. Louis banks last week paid out approximately \$60,000 in cold cash as a result of Christmas savings, and to what extent this plan of saving for Christmas time has been best evidenced by the fact that each year the sum total climbs to higher figures.

While this method of accumulating cash through the year is called and better known as Christmas savings plan, it is noted that money saved this way, and, which very probably would not be accumulated any other way, serves to more than one end.

Through this means it is made easy to provide for funds to pay taxes, life insurance, children's future education and innumerable purposes, thus avoiding failure to meet obligations and making possible to obtain those things which otherwise one would have to forego.

But there is another side to the Christmas savings plan which the banks have afforded us, an element that appears to us more vital and that is the very principle of saving that is involved. No other agency, perhaps better inculcates the habit of saving, systematic and thorough as this is, insistent and compelling to the very last of the fifty-two weeks.

Edward Bok, the immigrant Dutch boy who came to this country when only 9 years of age, and who rose to be a millionaire and recently retired from the editorship of the Ladies' Home Journal, in his autobiography, "Americanization of Edward Bok," wrote in an extra chapter to his great book, that the thing that appalled him was the colossal waste and extravagance of the people of this country. And Bok is right. We as Americans spend money with a prodigality that is not only shameful but criminal. In the Christmas savings club plan we have an opportunity of observing how by a little systematic saving we may amass money, and not by the mere money alone but by the principle gained therefrom we are doubly benefitted.

**TEEMING WITH ADVERTISEMENTS**

Last week's and this week's issue of The Sea Coast Echo teem with advertisements. Successful business people have long recognized the fact that it is well nigh impossible to do business without the judicious use of printer's ink.

The public read the newspapers. Thousands read The Sea Coast Echo. There is something irresistible about a printed advertisement. It is compelling, inviting, informative and persuasive.

Circulars and handbills—we print them—carry no potential power. On the contrary, they come up from the streets and gutter. Few pick them up.

A newspaper advertisement is dignified, convincing and carries prestige. An advertisement gets the backing of a reputable newspaper and enjoys the influence of the newspaper that backs it.

A newspaper ad enters the home; gets placed in the bosom of the family and privacy and confidence of the home. A newspaper ad is all-powerful, dominant and respectful. It has no equal, no substitute.

**This Week.**(Copyright, 1927)  
BY ARTHUR BRISBANE.

The Jupe Culotte is coming. The French word means "skirt" and culotte means "trousers." Paul Poirer, who knows fashions says that jupe culotte will soon cover the lower half of lovely women from Peking to Palm Beach. It will be a sort of compromise between trousers and skirt. A partition for each leg.

Women will be like the Ornithomachus, the animal half way between bird and mammal.

You might think she would go from the jupe culotte all the way to real trousers, but you don't know her. She will flounce back in all probability to hoopskirts on her legs and waterfalls on her head as like as not.

A new disease is called "rat-bite fever." Widespread and one of many carried by rats, the disease comes from bite of a rat, or of a dog or other animal that has come in contact with rats.

If men could stop killing each other for a few years, devoting their killing energies to rats, mosquitoes and other dangerous pests, this would be a better world.

The end of rats, alone, would produce savings great enough to offset the billions lost in the last war.

What are you going to buy for Christmas? Do you own a home of your own, for your children now, or for your children when you get married and have them, a home for your old age, A PIECE OF THIS EARTH WHICH IS YOURS?

If not, the best thing to do with Christmas savings is to buy a home, or start buying one. Buy only what you are sure you can pay for. There are ten thousand good investments

Welcome, Jupe Culotte  
Rat-Bite Fever  
The Best Buy—A Home  
Only A Coffin Left

in this country, but no investment is as good as money invested in a home.

Thomas F. Ryan, who left not less than one hundred millions of dollars on, owns nothing but the coffin on, owns nothing but the coffin that holds him. Funeral services were held in the beautiful church of St. Jean Baptiste that he built in New York. His body will rest in the cathedral he built at Richmond, Va., not far from the spot where he lived as a poor orphan boy.

"Where does he live now?" an official at the funeral service whispered to the undertaker.

"Have you the men ready to carry it?"

"It" is all that is left of what once controlled wealth and power.

Tears on the cheeks of many at the church, servants, friends and relatives showed that the dead man had been generous and kind.

The American Federation of Labor, ably led by president Green, will join the national society for the prevention of blindness in a national campaign.

There is in the world at least 6,000,000 totally blind. To know how great is the affliction, stop reading for a moment, close your eyes and ask yourself what life would be like if you could never open them.

Ignorance increases blindness, and disease born of vice, and superstition increases it. In Egypt, today, you may see infants with flies attacking their eyes, the mothers afraid to hurt the flies, because it is a sin. Your grandmother's spirit might live in one of the flies. That superstition alone has caused thousands of Egyptian children to lose their sight.

**HATTIESBURG PRESS**  
**COMPLIMENTARY TO**  
**JUDGE D. M. RUSSELL**

Newspaper of Judge's Former District Pays Deserved Tribute

"Voters of the Eighth Chancery District will choose a successor to Judge V. A. Griffith in a special election called for December 15th," says the Hattiesburg American, published in the district where Judge D. M. Russell, candidate, formerly resided.

The American continues the following complimentary and deserved editorial:

"Immediately after Judge Griffith was nominated for the Supreme Court vacancy in August he tendered his resignation as chancellor, and Governor Bilbo appointed Hon. D. M. Russell, of the Harrison county bar, as Judge Griffith's successor. It is to be hoped that the qualified electors of the Eighth Chancery Court district will place the stamp of approval upon this appointee of governor Bilbo and keep him in office."

"Judge D. M. Russell served with distinction as judge of the Chancery Court several years ago. He was on the bench at the time he was chosen as a professor of law at the University of Mississippi. His work at the state university reflected credit upon him as well as the institution he served. He voluntarily resigned to enter the active practice of his profession at Gulfport, but was drafted again by Governor Bilbo when Chancellor Griffith's promotion caused a vacancy."

"Men of Judge Russell's calibre are a constant demand. Mississippi needs the services of such high type men. All too frequently a lawyer like Judge Russell feels compelled to remain in private practice. Therefore, when we are so fortunate to have a jurist of such prominent qualifications of ability and of character offer for the bench, it does credit to our responsibility as voters and to our appreciation of genuine worth to give him our hearty support and endorsement at the polls."

The people of Harrison, Hancock, George, Greene, Wayne, Perry, Stone, and Jackson counties in voting for Judge Russell to succeed himself, may feel sure of the wisdom of their choice, while Mississippi's judiciary will be strengthened by his election to that group of able men."

**DIZZY**  
**Lost Appetite**

Mr. M. F. Fink, of Harrisburg, N. C., says: "It must have been fully twenty-five years ago that I began taking Black-Draught regularly."

"I was in town one day, and while talking to a friend I stooped over to pick up something. When I straightened up, I felt dizzy. I spoke to him about this and how I had not felt like eating."

"My friend told me to take some Black-Draught. I knew my mother had used it, and so I bought a package. When I got home, I took a good, big dose, and the next night, another. In a few days I felt much better."

"A good many times I have had this dizziness and a bad taste in my mouth, or headaches, and then I take Black-Draught and get better. I do not have to take it very often. We buy from five to seven packages a year. Try it."

**KING'S DAUGHTERS**  
**WILL SEND BASKETS**  
**AT CHRISTMAS TIME**

Committee to Handle Baskets Appointed at Meeting Monday Afternoon

The Bay St. Louis Circle of King's Daughters and Sons held a successful business session Monday afternoon at the Hotel Weston at which time much routine work was transacted. Reports from the Thanksgiving baskets committee was heard showing that a total of 13 baskets had been delivered to the poor and 12 plate dinners. The committee handling this preparation for distribution included Mrs. E. J. Leonard, Mrs. W. L. Bourgeois and Mrs. Winfield Partridge.

The organization decided to send Christmas baskets to worthy poor Christmas Eve and the same committee which had so effectively handled the Thanksgiving distribution was named to take care of the Christmas baskets.

Reports from the hospital work of the past month were heard and it was found that a large number of patients had been treated including several charity patients.

**DR. FRANK CRANE****ASTRONOMY AND THEOLOGY.**

Astronomical studies and conclusions will be found to have had much to do with our theological theories. Think of the different view of the universe and its regulation taken by people now and those that lived before Copernicus and Galileo.

When David wrote, "When I consider thy heavens, the sun, moon and stars that thou hast made, what is man that thou art mindful of him?" how much smaller a conception of both the universe and man he had from what we have now!

It must have an humbling effect upon every thinker to reflect upon the vastness of the universe and the smallness of the speck upon which we live. All of these discoveries may but increase our awe and reverence for Him who made the universe, but they alter our notion as to how He did this.

Victor Hugo, in his "Intellectual Autobiography," wrote: "The locomotive travels fifteen leagues an hour. The cannon ball travels seven hundred leagues an hour. The locomotive drags, the hurricane limps, the cannon ball is a tortoise."

"Let us bestride a ray of light. This is to mount 4,000 times faster than the cannon ball, 4,200,000 times swifter than the hurricane, and 17,000,000 times swifter than the locomotive. It makes, as you know, 70,000 leagues a second."

"Start. Light launches you from the earth to the sun in eight minutes. From the sun to Oceanus in four hours, from Oceanus to Centarus in three years and eight months, and from the polar star to the Milky way in 168,000 years, and from the Milky Way to the nebula of Canes Venatici in 5,000,000 years. You have to take a step. The apparitions of the universe will continue to loom. Beyond the visible the invisible, beyond the invisible, the unknown."

## Mirrors of Mississippi

By Edgar S. Wilson

### Interesting Historical High Spots In Career of Our Own Beloved Jefferson Davis.

JACKSON, MISS., Dec. 12.—So many inquiries are being made about the different positions held by Jefferson Davis that the publication of the facts may prove of state wide interest. Jefferson Davis was born in Christian County, Kentucky, June 3, 1808; attended St. Thomas College, Washington County, Kentucky, for two years; Jefferson College, Mississippi, and Transylvania University for two years. Mr. Davis spent his boyhood in Wilkinson county, Mississippi, his mother being buried at Woodville. He was appointed a cadet and graduated from West Point in 1828; commissioned second lieutenant of the first infantry July 1, 1828, and promoted to first lieutenant of the first dragoons March 4, 1833, and served until June 30, 1835, when he resigned.

He engaged in cotton planting in Warren county, Mississippi, presidential elector on the Polk and Dallas ticket in 1844; elected as a Democrat to the Twenty-ninth Congress; and served until June, 1846, when he resigned to command the first regiment of Mississippi riflemen in the war with Mexico; sailed with the regiment from New Orleans, July 21, 1846; was with General Taylor in the three days' siege of Monterey, where he greatly distinguished himself, as he afterwards did at Buena Vista;

appointed brigadier-general May 27, 1847, but declined. He was appointed to the United States Senate from Mississippi, to fill a vacancy caused by the death of Jesse Speight; subsequently elected, and served from August 10, 1847, to November, 1851, when he resigned. Defeated as a candidate for Governor in 1851, by Henry S. Poote by 999 votes; again elected to the United States Senate but resigned; appointed Secretary of War by President Pierce, and served from March 7, 1853, to March 3, 1857; again elected to United States Senate, and served from March 4, 1857, until January 21, 1861.

When the secession convention of Mississippi adopted the ordinance of secession which was drawn by L. Q. C. Lamar, Mr. Davis took his fare well of the Senate in a memorable speech explaining his purpose to that body; was chosen president of the Confederacy by the provisional congress and inaugurated in Montgomery, Alabama, February 18, 1862; elected president of the Confederacy for six years, and inaugurated in Richmond, Virginia, February 22, 1862; captured by the Union troops at Irwinesville, Georgia, May 10, 1865; imprisoned two years in Fortress Monroe and indicted for treason May 8, 1866; released on bail May 14,

1867. Horace Greeley being one of his bondsmen. A nolle prosequi was ordered by the government in December, 1868, died in New Orleans December 6, 1889, and was temporarily interred in the Crescent City with imposing ceremonies. His remains were removed to Hollywood Cemetery, Richmond, Virginia, May 28-31, 1893.

I was named by Governor Lowry as an honorary pall bearer for Mississippi at the funeral of Jefferson Davis. As the vault closed over the mortal remains of the immortal Chief of the Confederacy—the fortunes of which my father had followed for four years—how the memories trooped. Standing with bowed and uncovered head I saw Jefferson Davis at Buena Vista. I saw him return to Mississippi on crutches, and a Legislature, composed of Whigs and Democrats, fuse under the heat of patriotism and elect him to the United States Senate. I saw Jefferson Davis president of a "Storm-Cradled nation that fell." I read the war tossed compass from Bull Run to Appomattox. I saw Jefferson Davis in a dungeon, brutally manacled by the brutal order of brutal Miles; and I saw the iron stricken from his emaciated limbs through the efforts of a great hearted Greeley. I saw Jefferson Davis as a guest of the Mississippi Legislature of 1884, in the house of representatives of the Old Capitol, and heard him say, "As repentance must needs precede pardon, I have no complaint to make that pardon has not been granted to me. Though denied the privileges accorded to others, the government cannot deprive me of that which is nearest and dearest to my heart, the right to be a Mississippian." As I marvelled at the wonderful career of this wonderful man—avaricious sufferer, a waif on the political sea, because of his undying conscientious convictions—my reverie was broken

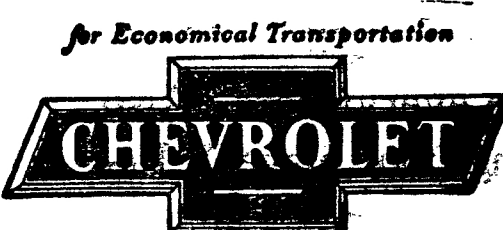

Elizabeth Morrow, daughter of the United States Ambassador to Mexico, is married to the intrepid pilot of the "Spirit of St. Louis." Persistent reports say that she has put to rest "yes."

### Auto Tags Go Slowly.

Auto licenses and tags are selling slowly in Hancock county according to Chief Deputy Sheriff Jos. V. Bon Temps. About 60 licenses for motor vehicles had been purchased up to Monday afternoon of this week. There are about 2200 licenses to be sold in Hancock county during the month of December and this means some extremely busy days for the sheriffs forces unless purchasers begin to come in for their tags.

The new tags are white letters and figures on a deep maroon background.

by a concord of sweet sounds. With moist eyes I located the cadence at the top of a majestic magnolia. A mocking bird was singing over his grave.

## New Features of - The Outstanding Chevrolet of Chevrolet History - a Six in the price range of the four!

Everywhere The Outstanding Chevrolet is being hailed as a spectacular achievement in advanced design, because it embodies the greatest array of improvements ever offered on any automobile of comparable price.

Here, for example, is a marvelous new six-cylinder, valve-in-head engine whose design represents over four years of development and testing on the part of Chevrolet and General Motors engineers. It has numerous advancements typified by a non-detonating, high-compression cylinder head—gasoline pump with filter, and automatic rocker arm lubrication. It provides performance the like of which was never before available in the low-price field—marvelous smoothness, tremendous reserve power and sensationally swift acceleration—all with an economy averaging better than 20 miles to the gallon of gasoline!

Here are new and improved four-wheel brakes unsurpassed for silence in operation, positive action and ease of adjustability!

Here are marvelous new Fisher bodies introducing a new order of beauty, smartness and luxury.

And here, also, are other features by the score—each an impressive example of automotive progress—each contributing to outstanding performance, quiet operation, long life, ease of control and economical ownership!

We cordially invite you to visit our showroom and secure complete and detailed information regarding this great new car, which will be ready for delivery beginning January 1st.

### Advance Showings

The Outstanding Chevrolet of Chevrolet History is being displayed in a series of advance showings, the last of which are in the cities listed below:

San Francisco, Dec. 8-13, Civic Auditorium, Larkin Hall...  
Cincinnati, Dec. 8-14, Hotel Sinton... St. Louis, Dec. 8-14  
Arcadia Ballroom, 3515 Olive Street... Atlanta, Dec. 18-22  
Auditorium-Armory... Dallas, Dec. 18-22, Adolphus Hotel  
Junior Ballroom... Portland, Ore., Dec. 18-22, Public Auditorium.

**BAY CHEVROLET COMPANY,**  
PHONE 52. WASHINGTON STREET

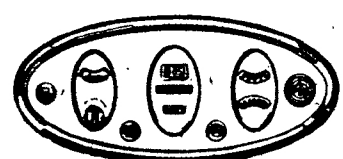

QUALITY AT LOW COST

Chevrolet's new six-cylinder, fully enclosed valve-in-head engine has a high compression non-detonating head. Its piston displacement is 194 cu. in. and it develops 46 H. P. at low engine speed.

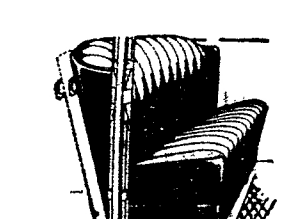

An automatic accelerating pump results in unusually swift acceleration, as well as greater gasoline economy.

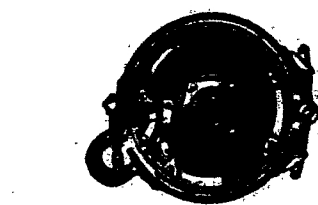

On the indirectly lighted instrument panel are grouped all controls, including the water temperature indicator and theft-proof Electro-lock.

The new chromium plated radiator, lamp standards and rims, and one-piece full crown fenders—typical fine car features of the Outstanding Chevrolet.

The adjustable driver's seat in all closed models. This brings the clutch and brake pedals within proper reach for all drivers.

Newly designed 4-wheel brakes, safe—positive—quiet.

Marvelous new bodies by Fisher are an outstanding feature of the Outstanding Chevrolet.

### Other Outstanding Features of Advanced Design and Equipment

**MOTOR**  
New six-cylinder motor, valve-in-head type, fully enclosed.  
New automatic lubrication of rocker arm mechanism.  
New fabric camshaft gear.  
New heavier crankshaft, rigidly and dynamically balanced.  
New hot-spot manifold.  
New AC gasoline pump with filter, replacing vacuum tank.  
New type AC air cleaner.

**COOLING SYSTEM**  
New type thermostat cooling system control.  
New electric water temperature indicator on dash.

**ELECTRICAL EQUIPMENT**  
New two-beam headlights with foot button control.  
New prismatic headlamp lenses.  
New theft-proof Electrolock.  
New semi-automatic spark control.

**CHASSIS**  
New self-adjusting, single plate dry disc clutch.  
New smooth 3-speed transmission.  
New solid shaft type steering column.  
New flat type, slender rim steering wheel.  
New and more complete Alamo chassis lubrication.

## GA. TECH TO PASADENA THIS YEAR; FOOTBALL AT END AFTER GOOD SEASON

Modern Games Have Made Fine Progress — Interesting Baseball Gossip About Country's Master Leagues— All Star Team

(By The Echo Staff Writer)

The football season of 1928 closed after a very interesting period of upsets and form reversals which kept experts in a furore. Reputations carefully established were shot to pieces with astonishing regularity and powerful teams collapsed in certain games.

**Modern Game Shows Progress**  
The modern game has made great progress with the adoption of the forward pass, perfected with the running game. The use of the lateral pass was strikingly demonstrated in several games particularly that of Harvard against Yale. One of the best developed teams, possessing players apparently able to do anything and everything in the right way was the powerful Stanford aggregation which took care of the Army with amazing efficiency.

**Georgia Tech on to California**  
Georgia Tech has been selected for the tournament of Roses game at Pasadena on New Year's Day. This Southern team has shown itself to be a smooth-working machine and ranks without doubt as one of the best in the country. It is interesting to note that out of the last four opponents selected for the gala event of the Coast season, Southern teams have won the honor three times.

### BASE BALL ECHOES

**A Diploma and \$1000 in Gold**  
The most valuable player in the National League in 1928 according to a committee of baseball writers, was Jim Bottomley, first baseman of the St. Louis Cardinals. He gets a diploma and \$1000 in gold. Out of a possible high score of 80, Bottomley received 76, being placed first by four writers, and second by the other four. The runner-up was Lindstrom, of the Giants, with 70 points scored through three first places, two second, a third and a fifth rating.

**Winners in National League Contest**  
It is worth noting that the National League contest which began in 1924, permits the same player to win the prize more than once if he merits the honor. In the American League, as you will remember, each winner is automatically barred from further competition. It is interesting to observe that the winners since 1924, Vance, Hornsby, O'Farrell, and Paul Waner, polled only 28 points together this year. The next highest to Lindstrom were Grimes, of the Pirates, with 53 points, Benton of the Giants and Critz of the Reds, with 37 points each.

**All-Star Major League**  
While on the subject of baseball it might be worthwhile to call your attention to the annual All-Star Major League team selected by 233 members of the Baseball Writers' Association for the Sporting News, the national baseball weekly. Each writer voted for three pitchers, one of whom had to be a left-hander. Babe Ruth got 216 out of a possible 233 points; Gehrig, Cochrane, Hornsby, Lindstrom and Jackson were other leading favorites. Here is the team as selected:

Ruth, Yankees left field.  
Manush, Browns, center field.  
P. Warner, Pirates, right field.  
Gehrig, Yankees, first base.  
Hornsby, Braves (own with Cubs) second base.  
Lindstrom, Giants, shortstop.  
Jackson, Giants, shortstop.  
Cochrane, Athletics, catcher.  
Grove, Athletics; Hoyt, Yankees and Benton, Giants, pitchers.

### LINOEL FAVRET HAS OTHER BIG CONTRACTS BESIDES BAY DEPOT

Publicity Committee of New Orleans Chamber of Commerce Announces

The Publicity committee of the Association of Commerce, New Orleans, reports three contracts in New Orleans and the Gulf Coast being let to Linoel Favret, contractor.

The largest one in New Orleans is the conveyor for unloading ships at the American Sugar Refinery docks at Arabi. A new type of conveyor is being installed at that place to care for the incoming ships with raw sugar consigned to the refinery. The cost of the work will be \$40,000.

The second contract is with the Magnolia Cotton Mills, and is for a factory building to house the overall department of the company. The building will be of brick, and will be three stories high. The amount of the contract is \$35,000. The building will be completed January 1.

The third contract is for the Louisville & Nashville station at Bay St. Louis. The building is to be a modified mission structure so as to conform with the general architecture of the city. The Louisville & Nashville station burned last year. The cost of the building will be \$60,000. It will be completed February 28.

### A True Patriot

Paul R. Nelson, master sergeant of the Coast Artillery Corps at Fort Totten, N. Y., invented a submarine mine control apparatus which he has given free to the army. The invention is a very valuable one.

### UNIVERSITY WOMEN DELEGATES TO SPEND DAY ON COAST

Delegates to Biennial Convention in New Orleans to Visit Coast April 13

Announcement has been made that a national "play day" has been arranged on the Coast by the American Association of University Women which will convene in New Orleans April 10, 11, 12, 1929, at the biennial convention. At the close of the business session a day will be spent on the Coast, special trains bearing the delegates to the Coast Saturday, April 13. The train is scheduled to stop at Bay St. Louis where the delegates will be met by representatives of the Coast Branch of the A. U. W. which is located in Gulfport, aided by members of the various state organizations, as the invitation to the national organization through the New Orleans Branch was cooperated in by all organizations in the state of Mississippi.

Miss Lucille Crighton of Gulfport, state president, announces that an entertainment program will be arranged for the delegates which will include a ride from Bay St. Louis along the Coast to Biloxi with stops made for luncheon and tea, but details of the program have not been completed.

The American Association of University Women is made up of graduates of the leading colleges and universities of the United States and represents a distinguished group of educators and educated women. The Coast rejoices that delegates to the biennial convention in New Orleans will visit the Coast.

### Aspirin Tablets Revive Flowers

Experiments have confirmed the fact that cut flowers may be prevented from fading by giving them an aspirin tablet. The experiments were conducted with chrysanthemums. The treated blooms outlasted the untreated by three days.

Flowers which were badly wilted were given new water and an aspirin tablet. They revived in two hours looking as fresh as they did when picked. The leaves, however, remained wilted. The aspirin acts as an antiseptic, interfering with the enzyme which causes the clogging of the stem at its cut surface.

#### Poinsettias Grow

##### Well On Coast

Poinsettias, the flower selected by the whole country as the most delightful of all for Christmas, because of its handsome growth, brilliant color, and glossy green foliage, is found to grow very well in this section, all parts of the Coast being brightened at this season with the handsome flower. Here in Bay St. Louis are found some unusually fine specimens of the poinsettia. Notably in the gardens of Mrs. J. C. Nisbet and Mrs. W. W. Forwood of Uman avenue, Mrs. George J. Toca and Mrs. Chas. G. Moreau of Carroll avenue, Mrs. R. W. Toulme, Main street and Mrs.

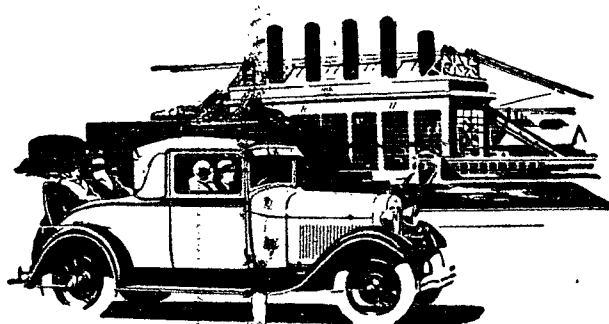

J.N. Wisner of S. Front street, fine blossoms have been noted with pleasure by all who see them. There are a great many other homes here where these flowers have been successfully cultivated.

Everyone who views the lovely poinsettias have a great desire to see the Christmas holidays so that the poinsettias may be used in their full beauty in Christmas decorations.

##### A Better Weapon

Newcomer—Would you advise me to learn the saxophone? Old Resident—Not in this neighborhood. Learn the drum. You can defend yourself better with a drumstick.—American Legion Monthly.

**The utilities of a city  
are combined  
in your motor car**

YOUR automobile is something like a miniature city. There is an electric light and power system, a water system, a fuel system.

In the new Ford, you will find each of these systems of the latest design and best materials. Every part has been made to serve you faithfully and well at a minimum of trouble and expense.

Take, for example, the generator—one of the most important parts of the electrical system which supplies the current for lighting and for engine ignition.

In the new Ford, the generator is of the power-house type and is distinctive in many features. It has been specially designed to prevent most forms of trouble. Oiling is necessary only once a year. About the only thing you need do is to have the charging rate changed as the seasons change.

Closely allied to the electrical system is the ignition system. It, too, is of a new mechanical design in the new Ford. There is but the high tension cable and that connects the coil with the distributor. Even cables from the distributor to the spark plugs have been eliminated. Special care has also

been taken to make the distributor water-proof, thus preventing short circuits from rain, etc.

The entire electrical and ignition systems of the new Ford are so simple in design and so carefully made that they will give you surprisingly little trouble. Yet that doesn't mean they should be neglected. Certain little attentions are needed from time to time.

The storage battery should be given water and the connections kept clean. The generator charging rate should be changed as indicated. Spark plugs should be cleaned at regular intervals. Distributor points should also be kept clean and the distributor cap given a light film of vaseline every 2000 miles.

These are just little things, but they mean a great deal to your car. You can have them looked after at very small cost by the Ford dealer when you take the car in for oiling and greasing.

A thorough checking-up at regular intervals will lengthen the life of your car and give you many thousands of miles of carefree, economical motoring.

**FORD MOTOR COMPANY**

## HANCOCK TEACHERS HOLD MEET

About 40 Teachers from  
County Attend December  
Meeting At Central

About 40 teachers from Hancock county public schools were in attendance at the December meeting of the Hancock County Teachers Association which was held at the Central school, Bay St. Louis, Saturday of last week. An interesting program had been arranged which was enjoyed by all and the departmental meeting which followed proved of value.

The program opened with the singing of Hark the Herald Angels Sing, C. E. Craft of Bay St. Louis led the singing. E. E. Lumpkin of Kiln gave the invocation. The roll call showed a large per cent of the teachers in attendance.

Mrs. H. C. Brownell and Mrs. C. C. McDonald of Bay St. Louis, chairman and assistant chairman, respectively, of the Christmas seal sale in the county for the Mississippi Tuberculosis Association, addressed the teachers explaining the work and the sale and asking the cooperation of the teachers in putting over the sale in the different schools. All principals responded and took with them seals to be sold in the schools.

A debate, humorous in its context, occupied the meeting. The subject of this debate was: Resolved that heads of departments in the association who did not send in their part of the program should be fined not less than \$10, and the proceeds devoted to defraying Field's Day expenses. The affirmative side was upheld by S. V. Powell and S. J. Ingram while the negative was taken by D. J. Everett. The winning side was not named but a committee will announce the winners at the January meeting.

Each of the three departments is to arrange a portion of the program for each meeting. In accordance with the plan the high school presented Miss Irene Wolff who gave a very enjoyable reading, "Cherry Blossom." The primary department presented two members of the primary department of the Central school, who each gave pleasing readings, Caroline Griffith reading "Suppose," and David McDonald giving "The Night Before Christmas."

The assembly divided into departmental meetings where special study groups had been arranged. In the primary department of which Mrs. E. E. Ashcroft was leader, the subject of teaching geography in the primary grades was discussed by Miss Martha Hall, Mrs. H. V. Craft, Miss Winnie King, and Mrs. W. W. Stockstill and Mrs. Doby. In the grammar grade department, the subject of objective tests was discussed, Prof. Dubuison and Miss Maxine Mitchell leading the discussion. In the high school department home study was the subject and E. E. Lumpkin lead.

##### January Program

The program for the primary and grammar grades departmental meetings for January has been arranged. In the primary department the subject will be teaching phonics in the primary department. Miss Hays will speak for the first grade, Miss King for the second grade and Miss Vaughn for the third grade. In the grammar grades the subject will be Objective Tests in Teaching Geography. Leaders for this department have not been announced. The subject of the high school discussion has not been announced.

## Does Not Believe The Best Man Won.

The Jackson News, always calling a spade a spade, is outspoken. It says that it still does not believe the "best won" in the recent presidential election. The News says:

Occasionally some Mississippi paper utters a feeble chirp to the effect that, after all, the best man probably won in the recent Presidential contest; that the Democratic party ought to rally to his support, and all that sort of stuff.

In the first place, the Daily News does not believe the best man won. We still regard Governor Smith as the most outstanding Democrat of modern times, the most forceful personality in American public life today a man of rare courage and sincere convictions, and a candidate who was crucified on the altar of religious prejudice.

Also, we think one Democrat of this type is better than two Republicans, no matter how forceful the latter may be.

As for Democracy rallying to the support of Hoover, it is not likely that Democracy will do anything of the sort, save in instances when the new President has measures of merit to offer.

The Democratic party and the Republican party are traditional enemies. As for us, we are still fighting for our own freedom of trenches. It is not at all necessary for Democrats to be sloppy over Hoover. Wait and see what he does.

No president in history, with the possible exception of McKinley, ever went into office with a worse gang of supporters than will surround Hoover when he takes the White House on March 4, next. Whether or not he intends to ditch them, repudiate the Ku Klux Klan, the Anti-Saloon League, and the political preachers, and other undesirable elements who made possible his election, remains to be seen.

Bear in mind, if you please, that the Democratic party was defeated, but not exterminated; that its watchmen will be on the tower in Washington when the new forces take charge of government; that the Democratic party is dedicated to the equal rights of men, to common sense, common honesty and common decency, and it cannot form a common cause with crooks, fanatics, exploiters, hypocrites, theological divines, and others so closely aligned with the Hoover cause and largely responsible for his victory.

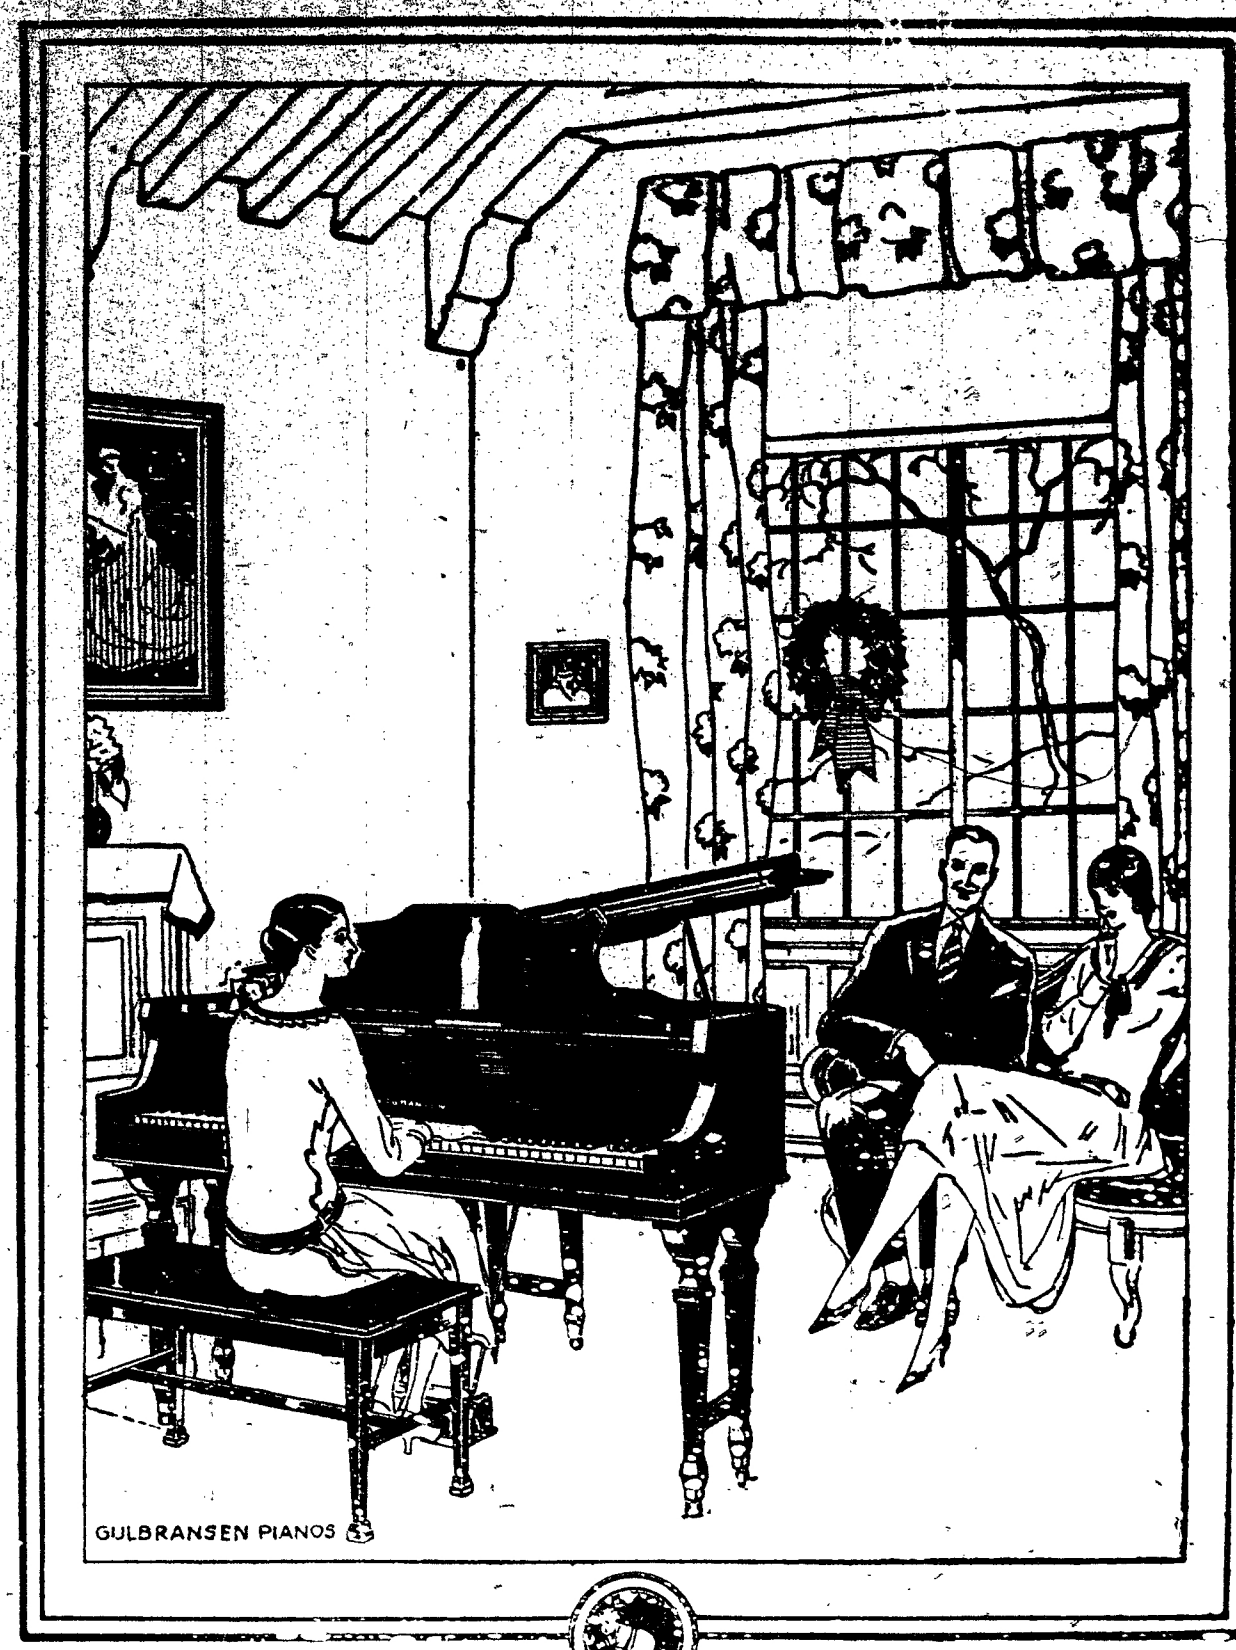

## For your Christmas The piano 150,000 homes cherish

Christmas! Make it that joyous day when your home is finally completed with a smart, authentic Gulbransen Grand.

The small Grand at \$650 is but one of 24 exquisite Gulbransen creations. ## FORMER MAYOR OF PASS CITY EXPIRES WHILE READING

George P. Brandt, 71, Well-Known Coast Citizen Succumbs to Heart Failure

While reading a newspaper Thursday night, George P. Brandt, 71, former mayor of Pass Christian, died suddenly from a heart attack at his home there. He is survived by his wife, two sons, Lieutenant Commander Geo. E. Brandt, U. S. N., New York; Lieutenant Grover C. Brandt, U. S. Army, Fort Benning, Ga., and three daughters. Two other sons of Mr. Brandt were killed recently. Howard Brandt meeting death in an airplane crash in Hawaii and Joseph Brandt losing his life in an automobile accident in North Carolina.

Mr. Brandt was well-known along the Coast, and by no means a stranger in Bay St. Louis. Mrs. Brandt and family have deepest sympathy of Bay Friends as well as from over immediate section of Louisiana and Mississippi.

## NEWS NOTES FROM PINE HILLS ON THE BAY OF SAINT LOUIS

Club Members and Guests Anticipate New Year's Eve Supper Dance; Other Notes

Pine Hills club and hotel plan a supper dance for New Year's Eve, to see the old year out and usher the new year in. Members of the club and invited guests anticipate a most unusual soiree. Mrs. Marion McGuire, hostess, gave the announcement this week that plans for an elaborate and most enjoyable occasion are on foot and all members have been notified accordingly.

Miss DelBondio and Miss Bertrand of New Orleans are again registered at Pine Hills for the winter, returning November 26th, after a visit to their home in the big city for a few weeks. They have traveled extensively but their predilection is Pine Hills.

"Tom" Lundy, who has had charge of the golf course and club house and a well-known and popular fixture at Pine Hills, left Monday night for Detroit, Michigan, in the interest of the club's winter season, and will be back at a week's end. "Tom" will be missed around the course and his return is anticipated.

Landscape artists and corps of workmen have been working in and around the hotel grounds and considerable improvement and further enhancement of the present gardens is promised for the near future.

Many guests are expected at Pine Hills after January 1, according to

## JOS. COMBEL, FORMER BAY RESIDENT, VICTIM OF STORE HOLD-UP

Timely Assistance from Outside Arrived and Bandit Victim of Own Gun

Joseph Combel, aged 75, and owner of Pine Hills for the winter, returned to Tulane avenue, New Orleans, was held up in his own store by a bandit, Herman O. Baker, with whom he tussled until outside aid arrived. Combel is a native of Bay St. Louis and almost a life resident, at one time a prominent business man and citizen of Bay St. Louis. He is a frequent Sunday visitor here and visits at the home of Mr. Oscar Lagniel and family.

It appears that the bandit was marching Combel and his daughter to the rear of the store at the point of a gun, when Combel wheeled and grappled with the would-be robber. The gun went off, wounding Combel in the hand, but nevertheless with quick and usual energy he fought on. Answering to his daughter's screams James Reilly, fireman, ran into the store from across the street, seized the pistol and killed Baker with one shot. Baker recently served a sentence at the Angola Farm for robbing fashionable homes in New Orleans.

## Cluverius Nominated to Rear Admiral Post

A press message from Washington to The Sea Coast Echo says nominations sent to the Senate a few days ago by President Coolidge included that of Col. Casper H. Conrad, Jr., of Ohio to be Brigadier General of Cavalry. Four navy captains were nominated rear admirals: Thomas T. Craven of Vallejo, Calif., and Annapolis, Md., A. W. Marshall of Greenville, Texas; W. T. Cluverius, New Orleans; Captain H. E. Yarnall, of Lemars, Ia., which to plant the premises and highway as a means of beautification. The seed were contributed by the First National Bank.

## Example for Other Coast Towns

Twenty-five pounds of Phlox seed will be distributed to Biloxians by the City Beautification Committee of the Chamber of Commerce with which to plant the premises and highway as a means of beautification. The seed were contributed by the First National Bank. report from the booking office. The visitors stay home for the holidays and then travel southward. The club feature of Pine Hills, outdoor sports, are appealing, and sports and others from all sections will travel southward in answer to the lure of the open during the cold months.

# REGULAR MONTHLY MEET CO. BOARD SUPERVISORS

(Continued from page 6)

Fund as per bills on file, examined and approved, to-wit:

C. L. Skatvold, salary, etc.	250.00
Ed. Kimmell, salary, etc.	273.00
Albert Favre, salary, etc.	125.00
Clarence Carrio, salary, etc.	100.00
Fred Cholina, salary, etc.	110.00
Alice Lafontaine, salary, etc.	100.00
Wm. Yarrrough, salary, etc.	100.00
Geo. Johnson, labor, etc.	148.00
Theodore Moran, labor, etc.	3.75
Edwin Saucier, labor, etc.	2.50
Fred Bandet, labor, etc.	54.00

Ernest Bourgeois, labor, etc.	7.10

Be it ordered by the Board that the Board hereby pledges itself to appropriate as much as \$1500 for county fairs and Gulf Coast fair.

Petition of Laurence R. Heitzman for clemency was received, read and rejected.

Be it ordered by the Board that the clerk of this Board advertise for sealed bids according to law for furnishing to Hancock county 1000 yds. of gravel, delivered north of Logtown, and 1500 yards of gravel, delivered at the Weston farm.

The said bids to be delivered to the clerk not later than 11 o'clock A. M. Monday, January 7th, 1929. The Board reserves the right to reject any and all bids.

Be it ordered by the Board that the Board adjourn until Tuesday morning, December 4, 1928, at 9 o'clock A. M.

H. S. WESTON, President

Tuesday morning, December 4th, 1928, at 9 o'clock A. M. Board met pursuant to adjournment, present as on yesterday.

It appearing that it is time to advertise for a county depository for the money belonging to the county and the different funds and it further appearing that it is also necessary to advertise for a depository for the funds collected by the Sheriff and Tax Collector, that do not belong to the fund for which other depositories have been provided.

It is therefore, ordered by the Board that the clerk of this Board advertise for bids for the County depository and the different funds of the county as provided for by law. The said bids to be sold at public outcry to the highest bidder at the front door of the courthouse in the city of Bay St. Louis, at 11 o'clock A. M., on Monday January 7th 1929, and that he be further ordered to advertise for bids for depository for funds collected by the sheriff and Tax Collector, that do not belong to the funds for which other depositories have qualified.

The successful bidder shall bid on both funds at one time and the said funds shall not be sold separately. The Board reserves the right to reject any and all bids.

Mrs. John Rutherford be and she is hereby appointed keeper of the Pook house, effective as of January 1st, 1929, for a period of one year, at a salary of \$50.00 per month per item.

Be it ordered by the Board that John Rutherford be and he is hereby appointed bridge tender at Bayou Lacroix bridge, effective as of January 1st, 1929, for a period of one year, at a salary of \$35.00 per month.

Be it ordered by the Board that Harry Baxter be and he is hereby appointed bridge tender of Bouge Homa bridge, effective as of January 1st, 1929, for a period of one year, at a salary of \$35.00 per month.

Be it ordered by the Board that W. H. McDaniel be and he is hereby appointed janitor of the courthouse at a salary of \$85.00 per month, effective as of January 1st, 1929, for a period of one year.

Be it ordered by the Board that the Board adjourn until Wednesday morning, December 5th, 1928, at 9 o'clock A. M.

H. S. WESTON, President

Wednesday morning, December 5, 1928, at 9 o'clock A. M. Board met pursuant to adjournment, present as on yesterday.

Whereas the Road Protection Commission has reported to the Board as follows:

"Be it ordered by the Commission that the estimate No. 5 of the Southern Paving Construction Company in the sum of \$44,525.51, and bill of \$1,433.32 be allowed and recommended to the Board of Supervisors for payment."

"Be it ordered by the Commission chairman of this commission proposed to advertise for bids for building upon the road from Central Ave. to Lakehurst to Bayou Calet, as per plans and specifications on file in the clerk's office. The said bids to be filed with the secretary of this commission not later than 1 o'clock P. M. January 3rd, 1929. The commission reserves the right to reject any and all bids, and the successful bidder shall make bond in an amount equal to his bid. The said bond to be approved in the manner provided for by law."

"Be it ordered by the Commission that the estimate No. 6 of the Southern Paving Construction Company in the sum of \$44,525.51, and bill of \$1,433.32 be allowed and recommended to the Board of Supervisors for payment."

said work at the extreme north end of said project and work towards Dunbar avenue.

"Be it ordered by this Commission that the road expropriated back of the seawall in the town of Waveland be retained, that is the 60 feet so expropriated and that north of the town of Waveland that only 20 feet inside of the roadway be retained, and that engineer be instructed to grade 12 feet of the land adjoining the said roadway."

And whereas the Board has considered the said recommendations of the Road Protection Commission, be it therefore ordered that the said recommendations of the said Road Protection Commission be and the same are hereby ordered done.

Be it ordered by the Board that the following amounts be allowed and paid out of the Road and Bridge Fund as per bills on file, examined and approved, to-wit:

E. J. Stockstill, lumber, etc.	82.64
Bay Mercantile Co., supplies, etc.	6.85
Jos. Zingaring, Jr., labor, etc.	35.00

Morrissey-Easton Tractor Co., supplies, etc.	26.79
Schindler's Garage, service and C O D	16.65

Be it ordered by the Board that the clerk of this Board advertise according to law for sealed bids for furnishing to Hancock county one Burroughs Bookkeeping machine. The said bids to be delivered to the clerk not later than 11 o'clock A. M. Monday, January 7th, 1929. The Board reserves the right to reject any and all bids.

Report of the County Health Officer was received, read and ordered filed.

Be it ordered by the Board that the clerk of this board advertise according to law for sealed bids for furnishing to Hancock County one Burroughs Bookkeeping machine. The said bids to be delivered to the clerk not later than 11 o'clock A. M. Monday, January 7th, 1929. The Board reserves the right to reject any and all bids.

Be it ordered by the Board that the Board adjourn until Thursday morning, December 6th, 1928 at 9 o'clock A. M.

H. S. WESTON, President

Thursday morning, December 6th, 1928 at 9 o'clock, Board met pursuant to adjournment, present as on yesterday.

Whereas this Board at its last meeting ordered an election in the Catahoula Consolidated School District to determine whether or not the bonds of the said school district should be issued in the sum of \$2000 and

Whereas an election was duly ordered by this Board and no notice was given by the election commissioners as provided by law, be it ordered that the Board now readopts its order passed at the November meeting, 1928, which provides for holding said election, and be it further ordered that said election so provided for, be held on Saturday, January 7th, 1929, to ascertain whether or not the said bonds of said consolidated school district shall be issued and that the county election commissioners be directed to hold and call said election as provided for by this Board in the manner provided for by law.

Be it ordered by the Board that the Board adjourn until Friday morning, December 7th, A. D. 1928, at 9 o'clock A. M.

H. S. WESTON, President

Friday morning, December 7th, 1928, at 9 o'clock A. M. Board met pursuant to adjournment, present as on yesterday.

Be it ordered by the Board that the following amounts be allowed and paid out of the General County Fund as per bills on file, examined and approved, to-wit:

F. Z. Goss, ins. and att.	102.00
C. Miller, ins.	50.00

Be it ordered by the Board that the following amounts be allowed and paid out of the Road and Bridge Fund as per bills on file examined and approved, to-wit:

H. S. Weston, attend and ins.	102.00
John B. Brown, att. and ins.	102.00
Jos. P. Moran, att. and ins.	102.00
A. C. Goss, attend and ins.	25.00

Be it ordered by the Board that Theodore Necaise be appointed maintenance man on Kiln and Caesar Road, from Kiln Headquarters Store to forks of road at old Catahoula Still, the appointment to be for a period of two years from date, unless sooner terminated by this Board for failure to perform contract, the said Theodore Necaise to be paid a salary of \$60.00 per month.

Be it further ordered by the Board that the sum and amount of \$2500.00 each be and the same is hereby allowed and ordered paid, to each of the Road Protection Commissioners of Hancock county, to-wit: R. C. Engman, August Ruhr, R. J. Ladner, J. W. Valrin and Harry Hall, Jr., as provided for in House Bill No. 32 extraordinary session of Legislature of 1928. The said amounts to be paid out of the Road Protection Fund. The said amount being a reasonable amount for their compensation as authorized under said act. Supervisors Weston, Moran and Cue, voting aye.

Whereas the Road Protection Commission has reported to the Board as follows:

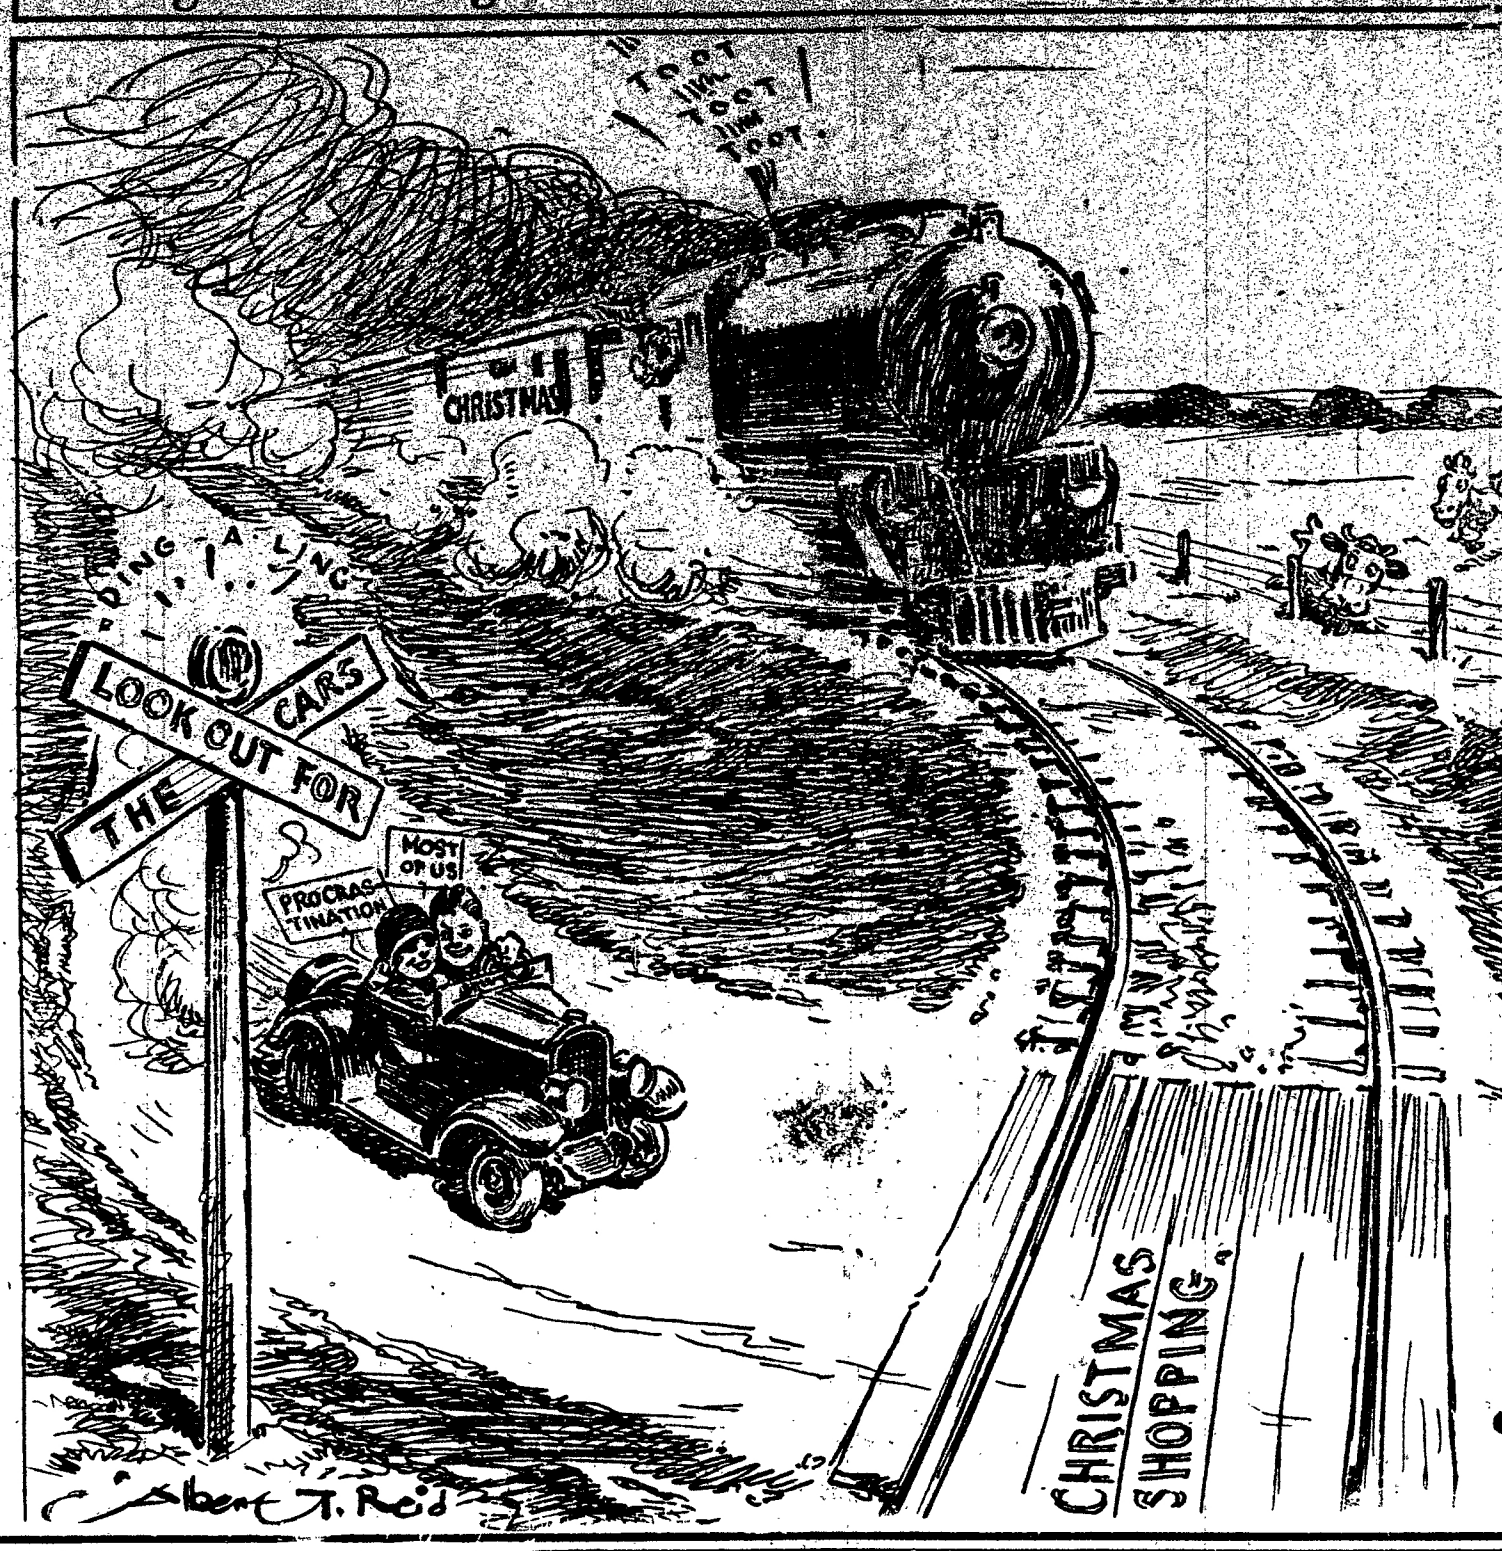

"Be it ordered by the Commission that the estimate No. 5 of the Southern Paving Construction Company in the sum of \$44,525.51, and bill of \$1,433.32 be allowed and recommended to the Board of Supervisors for payment."

"Be it ordered by the Commission chairman of this commission proposed to advertise for bids for building upon the road from Central Ave. to Lakehurst to Bayou Calet, as per plans and specifications on file in the clerk's office. The said bids to be filed with the secretary of this commission not later than 1 o'clock P. M. January 3rd, 1929. The commission reserves the right to reject any and all bids, and the successful bidder shall make bond in an amount equal to his bid. The said bond to be approved in the manner provided for by law."

"Be it ordered by the Commission that the estimate No. 6 of the Southern Paving Construction Company in the sum of \$44,525.51, and bill of \$1,433.32 be allowed and recommended to the Board of Supervisors for payment."

## A Dangerous Crossing

By Albert T. Reid

## PINE HILLS A VERITABLE PARADISE FOR SPORTS AND OUTDOOR PASTTIMES

Wall Street Daily Journal Devotes Space to Interesting Story of South's Greatest Club and Hotel—Where White Sails Dot the Waters of Bay St. Louis

When Stephen N. Bobo, formerly of Memphis and now president of the development Service Corp. of New York, was a little boy down in Tennessee, he was taken by his family during vacations to Biloxi, Miss., and to Pass Christian on the Bay of St. Louis, which now is only a 90-minute ride from New Orleans. In those days, not so very many years back but a long way in the history of the South, the trip from Memphis to the Gulf took more than the 37-hour ride today from New York; and old New Orleans under the condition of travel at the time was not nearly within what modern New Yorkers would call "commuting" distance to Pass Christian.

The journeys from Tennessee to these inland trout fishing grounds and famous rendezvous for sea fishermen, where fish abound in the waters of the Mississippi Gulf Coast and birds and game in the bordering fields and pine woods, were trips never-to-be-forgotten by the Memphis boy. He loved this land of a happy childhood with an enthusiasm inherited from sport-loving forebears and with the romantic ardor of the South.

With Memories of Gulf Fishing

During 14 years of adventurous work as an engineer in the Gulf and Sea Islands where a boat was his home and the building of hydro-electric plants was the daily occupation of his chosen career, he treasured the memories of Biloxi and Pass Christian. Then came the World War which saw Captain Bobo a staff officer in the Twenty-Seventh Division of the American Expeditionary Forces.

When he set foot again upon American soil he wore the Croix de Guerre with which the French government had decorated him for heroism and bravery during the capture of Sans Soucie. Next he handled the Red Cross drive in New York City.

After returning to his 4000 acre ranch in the San Joaquin Valley, he was called forth again in 1922 to be a vice president in charge of engineering for the American Hotels Corp. Application of scientific engineering principles to the problems of hotel building seized his fancy. It is contended that approximately 90 per cent of the hotels showing losses in operation, do so because of faulty engineering design, so that the specifications for these losses are incorporated into the brick and mortar of their construction, before ever the doors swing open for the first guests and it was the task of Captain Bobo to obviate such faults in engineering plans during the building of the American chain, which consists of the American chain which consists of more than 35 hotels.

Two of a Kind Meet

From this work Captain Bobo went into the organization work of the Development Service Corp., which came formally into being in May, 1927. It is the purpose of this organization to apply scientific engineering principles to the financing, designing, building and equipping of hotels.

And here the paths of two constructive leaders were joined. The one is Captain Bobo, who with the broad vision of a cosmopolitan the ingenuity of a trained engineer, and the enterprise of a man of affairs is yet a Southerner, easy of manner, soft of speech, loyal to the land of his birth but not blind to its shortcomings, and above all firm in his belief of his brilliant future.

New Bowman Affiliation

The other is John McEntee Bowman, energetic hotel executive and patron of sports, the familiar story of whose career is no less romantic than that of Captain Bobo. In 1922 Mr. Bowman was a 17-year-old Canadian boy crossed the border and made his way to New York in search of work. He has always been a devoted lover of the horse and a fox-hound rider, so that for a time he found it easy to give instruction in riding. This he has graduated into work at the Holland House, one of New York's most famous hotels, at the head of the stable.

he was secretary to Gustav Baumann proprietor of the hotel. Upon the opening of the Biltmore in 1913 he became vice-president and upon the death of Mr. Baumann the following year, president.

At this writing he is president of the Bowman-Biltmore Hotel Corp., and affiliated companies controlling the Biltmore, Commodore, Belmont and Murray Hill in New York; and the Biltmore Hotels in Providence, Bellaire on the west coast of Florida; Havana, Los Angeles, Atlanta, Miami, Santa Barbara, Pasadena and Phoenix. He is also president of Miami Country club at Coral Gables, and Westchester Biltmore Country club at Rye, and the Havana Biltmore Yacht and Country Club at Havana; a member of many clubs, and president of several conspicuous racing and horse show associations.

During the World War Mr. Bowman was selected by Secretary Hoover to head the hotel, restaurant, dining car and steamship division of the United States Food Administration, and now he is associated with another eminent engineer, the president of the Development Service Corp., for Bowman Management, Inc. and this development company is affiliated, and the former organization is under contract to assume the management of hotels and clubs built by the latter.

New York Goes South

Since its organization the Development Service Corp. has projected and is now constructing five hotels, namely, a \$2,100,000 hotel at Jersey City, a \$1,025,000 one at Bridgeport, and others at New Brunswick, N. J., White Plains and Yonkers. This is only a beginning for the company has practically concluded negotiations for the acquisition of a chain of four hotels now in operation in Michigan, Ohio, Illinois and Alabama and three smaller country club units in the south, the names and locations of which will be announced shortly.

But it may be said with authority that this announcement itself is only a beginning. Captain Bobo, the successful engineer, the Biltmore Southerner, has enlisted the experienced forces of the Bowman-Biltmore group

To Try Club Plan in South

Their objective, following the announcement soon of what they already have achieved elsewhere, will be to enter into all the region from the Gulf of California to Albemarle Sound and from the Ohio to the Mississippi delta. In the development of this territory the principles of both a hotel and a country club will be combined.

Some units will be purely commercial hotels. Others will be country clubs, the membership of which eventually will be closed. Mr. Bowman's plans for the furtherance of clubs with sport will be introduced into Captain Bobo's country.

The Captain himself is an enthusiastic golfer and shot. To complete the story, practically his first accomplishment in the South was acquisition of the 200 room structure of the Pine Hills Club at Pass Christian, Miss., where, twelve months in the year, where the sea provides Spanish mackerel, red fish, or channel bass, and sea bass as heavy as 400 pounds; where Jordan and Wolf rivers, and other freshwaters abound in grapple, perch, pike, bass and striped bass; where partridges whirr away in big coveys within a few hundred feet of the club house, and doves, squirrel and rabbits are plentiful; and where white sails dot the waters of the Bay of St. Louis.

From an office near the Grand Central Station in New York a busy executive thus has realized the dreams of a chubby little boy down in Tennessee.

We will have at Pine Hills Club the only airport between Mobile and New Orleans. Said Captain Bobo: "It isn't far from here as things are now. And it will soon be much nearer."

He believes that golf and riding will be drawing cards. In his mind's eye he pictures the new South links the sea coast and the golf course by the large

## Hints for the Home

by Nancy Hart

Why not a re-decorated room for the children's major Christmas gift—a room full of life and color and interest that they will remember as long as they live.

If there is dark, grown-up furniture in the room now, treat it to a coat of paint or lacquer in some fresh color; use inexpensive chintz draperies in nursery patterns or a map design with interesting old world scenes. Bring in pictures that tell a story—no cast off scenes from other rooms, but pictures do so much to form character.

### Menu Without Meat

Bean soup  
Escalloped rice, tomatoes and green  
Creamed carrots and peas  
Cheese, apple, and celery salad  
Hot gingerbread  
Apricot sauce  
Nonstimulating drink

Salmon Croquettes  
Scald one cup of milk, add 3 tablespoons quick cooking tapioca, salt and cayenne pepper to taste and cook 15 minutes. Add 1 1/2 cups mashed canned salmon, mix and cool. Shape into croquettes, roll in crumbs, egg and crumbs and fry in deep hot fat. Garnish with sliced lemon and parsley.

Quick Nut Bread  
One egg, 1-2 cup sugar, 1-2 teaspoonful salt, 1-2 cup chopped nuts, 2 1/2 cups prepared cake flour, 4 teaspoons baking powder, 1 cup milk. Combine and stir dry ingredients and add dry nuts, then milk and well beaten egg. Allow batter to stand for 20 minutes, then bake for one hour.

Rids Hair of Pests  
I have a remedy for the worst affliction that can come to school children and know the following to be a certain cure:  
Ask any druggist to prepare a solution of fish berries and whiskey or its equivalent in diluted alcohol spirits. (NOT word alcohol remember). Thoroughly saturate child's hair and head. One application will kill both insect and eggs, but repeat several times to be sure all infested spots are reached. Comb with fine tooth comb and remove all trace of pests. Sterilize hat and caps by immersing in gasoline.

When Shelling Nuts  
Remember nut meat can be removed from the shell without breaking if hot water is poured over the nuts and allowed to remain through the night.

New Remedy for Ink Stains  
To remove ink spots from linen or cotton cloth, rub the spot with a cut tomato and rinse well.

Remove Adhesive Tape the Painless Way  
If softened with benzine adhesive tape may be removed easily and painlessly from the skin.

For Grease Spots on Leather  
Grease spots on leather may be removed by applying benzine or turpentine. Wash spots afterward with a leather finish or with the well-beaten white of an egg.

Keeping Left Ove, Paint  
Cover the top of your paint with melted paraffin and it will keep soft indefinitely.

When Frying in Deep Fat  
Add a teaspoonful of vinegar to fat when deep-frying to keep food from absorbing too much grease when cooking.

Makes a Quick Fire  
When a fire is slow in coming up, sprinkle a little sugar on it and it will help to hurry the hot flames.

est chain of hotels in history, and enjoying on the grounds of the country clubs games and sports that already have taken the East by storm.

Then his eye brightens as he responds: "You should just see the partridge down there! And the dogs in the club kennels are the best. Garland, who is in charge has won five times at the National trials. When you go shooting it is with dogs of his kind."—Wall Street (N. Y.) Journal.

## ECHOES OF WEEK FROM ST. STANISLAUS COLLEGE

(Continued from page 3)

Why Haik is called dead-shot forward?

Whose ring Genard is wearing? Who got angry because Phillips would not root at the game Sunday?

Whose Cotton's latest? Why-Leonhard goes to New Orleans every Wednesday?

Why Whittman craves correspondence?

Answers to the Convent's Wonder

Why?

Edith felt so badly at the dance Saturday night?

A. Ask Doctor Slade because he took care of the sick patient.

Hazel enjoyed herself at the same dance?

A. It could not have been other than as Charlie Collins took the young lady.

Grace Wanted Tulane to win?

A. Because of a certain party going there.

Cassidy keeps a record of Duke's football scores?

A. Because she often wonders who played way-back.

Judy is specially proud of her class ring?

A. Somebody said it was touched by Clarence Daigle.

Anna Mae is always singing "Chiquita"?

A. Because it brings sweet memories of Alonzo.

Frances and Kate want to know more about furniture?

A. Because they seem to be interested in certain furniture dealers.

Dorothy and Marie made someone walk home after the game Sunday?

A. Because the weight would make the new car unbalanced.

The varsity battalion of the Stanislaus Rock-a-chaws will swing into action Thursday night, December 13, at 8:15 P. M. when they meet the strong R. A. C. Fraternity of New Orleans.

Last year the Fraternity men went down in defeat before the Rocks, but this will only help to make the game all the more exciting this year.

The next two games will be played Saturday and Sunday, December 15 and 16 respectively, when the Rocks "tie up" with the Whitney Central Bank of New Orleans in a local court. The Whitney Central league the Bankers cage league in New Orleans.

The teams in Bro. Regis' leagues started their race for the championship honors Thursday morning, December 6. The winning team will be awarded a pennant to each individual player on the team. An all-star team which will be picked by Coaches Perkins and Phillips and Bro. Regis will be given a silver basketball. Every man, regardless of what team he is playing on, has a chance

for the all-star team.

Brother Conrad's Junior Rock-a-chaws met and defeated the Bay Hi junior quintet Saturday morning by a score of 27 to 1. The visitors were completely demoralized by the pass work and shooting of the juniors. Laurent made the only point for the visitors.

Approximately forty-five boys reported to Coach Phillips to be picked as candidates for either the 135 or 125 pound team. Out of this number the following were successful candidates: (135) B. Lilley, Hughes, Verlander, Sullivan, Wilcox, Capdau, V. Falchetto, Andries, Hayes, Cantara, F. Reyes, Vallon, Posner, Duessa, (125)—Johnson, Plan, Wolf, Sharp, Horn, M. Esquivel, Sandoz, Kornoff, V. Peterson, Leache, Gray, Partridge, H. Boh, Bontemps, Edw. Blaize, Carver and Petrich.

By the time this write-up is printed the number will be "boiled down" to about half this number.

Class '29 in '39—

Andrieu will be a painter.

Andrade will be a dancer.

Baglan will be a tramp.

R. Blaize will be an oil man.

J. Blaize will be a big coal man.

Ballard will be a marine architect.

Carter will be a public speaker.

Carver will be a traveling salesman.

Collins will be a druggist.

Capdeville will be selling ladies dress wear.

Cassidy will be a ladies man.

Discholl will be a mail man.

Dours will be a lumberman.

De Montluzin will be a flagman.

TION OF ANY PERSON OR PERSONS FOUND  
REMOVING WOOD, SETTING WOODS ON FIRE  
OR HUNTING OR TRAPPING ON OUR LAND  
WITHOUT PERMISSION.**The H. Weston Lbr. Co.****The Sea Coast Echo****CITY ECHOES.**—A. Schiro of the Boston Shoe  
Store, spent Wednesday and Thurs-  
day in New Orleans on business.—Come out to Boudin's Store, for  
Christmas toys, shoes, hats, dry  
goods and groceries—Third Street.—For the boy's gift we have In-  
gersol \$1.50 watches, also the imi-  
tious dials at \$2.25; and for the em-  
ber of your family who has to g up  
early, we have alarm clocks, but the  
Big Ben and Ingersol ranging in  
price from 90c to \$4.25.

—ATLAS DRUG STORE.

—Opposite A. &amp; G. Theatre.

—Mrs. M. L. Wise of Atlanta, is a  
guest at The Answer where she will  
remain through the Christmas holi-  
days.—Dr. A. P. Smith has moved his of-  
fice from the first floor of the King's  
Daughters Emergency hospital in  
Main street to the Bourgeois dwelling  
across the street, open for the re-  
ception of consulting patients at the  
same hours as formerly.—Cabbage, Collard, Onion and  
Beet plants at Boudin's Store.—If he is a smoker we suggest a  
PIPE or a box of CIGARS. We  
have pipes ranging from 50c to \$3.50  
and cigars from \$1.25 to \$3.50. CIG-  
ARETTE LIGHTERS FOR \$1.00.

—ATLAS DRUG STORE.

—Opposite A. &amp; G. Theatre.

—Perans at Boudin's Store—10c  
and 12c per lb.—H. C. Berckes, secretary-man-  
ager of the Southern Pine Association  
of New Orleans spent Wednesday in  
Bay St. Louis as the guest of his  
brother-in-law, C. Greer Moore of  
the Chamber of Commerce.—As a present to use for the cold,  
rainy days we suggest a package of  
ROOK, DOMINOS, or the cubic  
deck CONGRESS CARDS.

—ATLAS DRUG STORE.

—Opposite A. &amp; G. Theatre.

—Mrs. Rogers who was a patient  
at the King's Daughters Emer-  
gency Hospital here for several days fol-  
lowing an auto accident in which she re-  
ceived injuries, has returned to her  
home in Covington, La. She was 68  
years of age.—Mrs. Gladys Askew Dillman of  
Gulfport, was a business visitor to the  
Bay Monday in the interest of orga-  
nizing a social dancing class. Mrs.  
Dillman is a graduate of the Murray  
School of Dancing of New York City  
and has had experience teaching.—For a quick selection nothing  
fits in better than one of our vani-  
ties—both in solid powder and for  
loose powder, 50c to \$5.00.

—ATLAS DRUG STORE.

—Opposite A. &amp; G. Theatre.

—The Answer, gift shop in Union  
street, has quite a number of pretty  
and appropriate things to give for  
Christmas, and in order to move the  
stock rapidly and to sell with the  
means of the most modest purse, prices  
have been marked way below. Mrs.  
Pollard invites the public inspection.—Piazza Bros. Barber Shop, popu-  
lar barbers, head of Main street,  
have an advertisement in this issue  
of The Echo that is timely and of-  
fers a suggestion to patrons; this  
time of the holiday season it at it  
might be well to follow. They are  
trying to avoid a rush in order that  
every patron may be well and ef-  
ficiently served.—The Echo regrets to learn of the  
serious illness of Mrs. J. B. Adam,  
estimable wife of the Florist and Nur-  
seryman at Pass Christian, who has  
been confined to her bed, with a pro-  
fessional nurse in attendance for  
some weeks. The many friends of  
the family along the Coast anticipate  
an early recovery.—Shoes for the Holidays has a spe-  
cial appeal. The Boston Shoe Store  
has an advertisement elsewhere in  
these columns that should appeal to  
those who wear shoes—the same as  
you and I. Better goods and lower  
prices, says Mr. Schiro, will sell 'em.  
The advertisement is worthy of per-  
usal; the stock and prices worthy of  
your visit and inspection.**Xmas Gift Supreme For the Family**During this season of the holidays we are making a  
special concession on the purchase plan of**FRIGIDAIRE'S**Down payment with order and no need to worry  
about monthly instalments until February 1, 1929.

Prices reduced on practically all models.
